Re: Freedom of Information Act Request EPA-R8-2014-007128

Dear Mr. Abell:

This letter is in response to your Freedom of Information Act (FOIA) request regarding the information requests sent by the EPA pursuant to Section 114 of the Clean Air Act to Intermountain Power Agency for its Intermountain Power Project located in Utah. Per a June 12, 2014 email sent by your counsel, Reed Zars, Sierra Club is only requesting the records that were not claimed as confidential business information (CBI) at this time. If Sierra Club later decides to request the CBI documents, a new FOIA request will need to be made.

The information responsive to your request was uploaded to FOIAonline. You can enter the above FOIA request number online to access this information. There is no cost to you for providing this information.

Under the FOIA, you have the right to appeal this determination to the National Freedom of Information Office, U.S. EPA, FOIA and Privacy Branch, 1200 Pennsylvania Avenue, N.W. (2822T), Washington, DC 20460 (U.S. Postal Service Only), E-mail: foia_hq@epa.gov. Only items mailed through the United States Postal Service may be delivered to 1200 Pennsylvania Avenue, NW. If you are submitting your appeal via hand delivery, courier service or overnight delivery, you must address your correspondence to 1301 Constitution Avenue, N.W., Room 6416J, Washington, DC 20004. Your appeal must be made in writing, and it must be submitted no later than 30 calendar days from the date of this letter. The Agency will not consider appeals received after the 30 calendar day limit. The appeal letter should include the FOIA number listed above. For quickest possible handling, the appeal letter and its envelope should be marked "Freedom of Information Act Appeal."

If you have any questions concerning the provided information, please contact Hans Buenning at buenning.hans@epa.gov or 303-312-6486.

Sincerely,

A handwritten signature in cursive script, appearing to read "Cynthia J. Reynolds". The signature is fluid and extends to the right with a long, sweeping tail.

Cynthia J. Reynolds, Director
Technical Enforcement Program
